PATIENT QUESTIONS FOR YOUR UPCOMING ITP CLINICS

4 Questions To Ask Your ITP Patients

Use these four questions to explore how ITP is affecting your patient's life beyond platelet counts, so you can have more meaningful conversations during your consultations.

1 How is your energy?

2 What worries you most right now?

3 What does success look like to you today?

4 What are you missing out on because of ITP?

You don't need to ask all four questions.
Sometimes one question can change the conversation.

WHO IS ITPANZ?

ITP Australia and New Zealand (ITPANZ) is the peak body for Immune Thrombocytopenia (ITP) across Australia and Aotearoa New Zealand. We provide people living with ITP, their caregivers and healthcare professionals with trusted information, practical support and a community.

How We Help

- Providing Peer Support
- Connecting them to the ITP Support Hub
- ITP education & treatment information
- Downloadable resources and support tools
- The Beyond the Count podcast
- The Count magazine
- Shared decision-making resources
- Patient stories
- In-person and online Events
- Help finding an ITP specialist
